

A Modern **Enterprise-Grade** SIS to Drive Student and Institutional Success

Serving Title IV Institutions, Career Education and Continuing Education

Is Your Institution Future-Ready?

Today's growth-driven institutions need a modern enterprise-grade SIS, one that is easily configurable to meet your school's specific operational needs and to better engage with students and help them thrive throughout their academic journeys and beyond.

Students are the lifeblood of every institution—from mid-sized and growing institutions, they are a high-touch proposition. Often, every aspect of the student experience is done manually, from recruiting and admissions to managing academic records to keeping track of billing and financial aid. The problem with high touch is that it is often also high cost. With constant pressure to reduce costs and increase effectiveness, higher education institutions are looking for efficient ways to automate those processes while maintaining the personal service levels that students expect.

Is Your Institution Future-Ready?

As a student-centric solution, Orbund SIS enables your entire admin staff to create better operational efficiencies and deliver personalized experiences across every step of the learner's journey, from their first interaction as a prospect to their enrollment, online or on-campus or hybrid learning experience, graduation, and eventual placement into their chosen career.

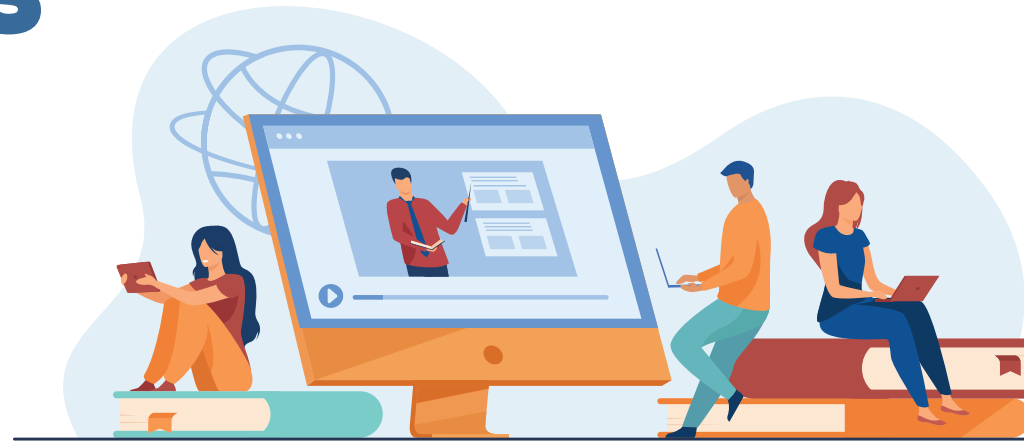

The Orbund SIS platform is a modern cloud-based SIS for higher education institutions seeking robust self service, including Title IV programs.

From non-traditional programs and career colleges to traditional universities, with the Orbund SIS your team has access to a mobile-friendly enterprise solution. It empowers your students, instructors and administrators with self-service options, two-way communication, customized process workflows, and easy to report critical data via real-time executive dashboards.

Unlock Data Silos, Drive Institutional Efficiencies Across Campus

Orbund automates your most critical administrative processes, by eliminating data and departmental silos and enabling unparalleled collaboration across your institution. SIS as a Software-as-a-Service (SaaS) solution, that's mobile-friendly, security rich, and low maintenance for IT gives your team the agility, flexibility, and scalability to keep pace with the evolving higher education environment.

STUDENT/ CENTRIC SOLUTIONS

With a built-in prospective student lead management to assist with recruiting and retention practices.

Streamlines inquiries and online applications as well as communication via two-way texting.

Workflow automation of administrative and academic processes.

Attendance, clock hour programs, academic progress, regulatory compliance reporting.

Fully featured solutions. Running on the cloud. Designed for today's Title IV student-centered institutions.

Orbund for Higher Education

Maximize Value Across the Institution to Students, Instructors and Administrators

Monetize new strategies and optimize performance across your campus. Orbund SIS is an enterprise-grade SIS platform designed to drive institutional growth, maximize campus resources, and reduce costs by optimizing business operations through digital transformation. Deployed on-time, on-budget, Orbund SIS is cost-effective and can help you quickly uncover new opportunities to increase revenue, minimize costs, and reduce time to value.

INSTITUTIONAL AND STUDENT-LIFECYCLE SOLUTIONS

Create branded online application forms that feed right into the SIS.

Automate communications, SMS, emails, to engage current and prospective students

Reduce overloaded administrators by using Orbund's flexible workflow automation.

Create dashboards and built-in reports to pull performance indicators and regulatory data.

INSTRUCTOR'S ENJOY PORTALS, TOO.

Simplify setup, add/drops, and attendance. Leverage Orbund's built-in Learning Management System (LMS), integrate your own with Canvas, Moodle, Schoology, or D2L plus others or use both.

The Orbund SIS solution is designed for today's busy, digitally savvy adult learners and ever increasing student populations of the future, digital native millennials and Gen Z'ers.

Student portals for 24/7 self-service.

Empower students with online registration, syllabi, testing, grades, student ledgers, and more.

Integrations with leading LMS providers

What Your Peers Say About Orbund:

"Orbund is easy to manage, saves us hundreds of man hours and maintains student records as well as financial documents. We strongly recommend this program to any school, big or small." Terri Gomez, EWHAI

"Orbund is an essential member of the team in the Office of the Registrar. It keeps college community connected and allows for multidimensional communication."

Gina Stayshich, MFAH

"Orbund is easy to use and works around our workflows and processes, which was very different from other static systems, their team was very supportive."

Rebecca Clothier, Executive Vice President Pinnacle Career Institute

"With Orbund, they have always worked around our goals and transitions with accreditation with custom solutions to help our school growth goals."

Janelle Stewart, Aguilas International Bilingual Training Center

300+ campuses and growing.
